

AUTOVALETDIRECT CAR VALETING OPTIONS

Tel: 0800 0834 683

| There are many good reasons to have your vehicle valeted regularly, not at least to prevent the onset of rust and corrosion. Why leave it for a special occasion when for a very reasonable cost you could be driving a vehicle that not only looks as if it has just had a full lift but be worth more when you decide to change it. If the column has a 'Y' it is included in that valet option. | Express 1 | Express 2 | Standard Valet | Service Valet | Interior Valet | Exterior valet | Premier valet | *Premier Plus |
|--|-----------|-----------|----------------|---------------|----------------|----------------|---------------|---------------|
